

AUTOMARINE

Easidri – AutoMarine

The perfect Christmas gift for all car owners

Easidri is a unique super soft absorbent drying tool

Available in two sizes and supplied in a quality plastic storage canister – (Small 43x32cm - Large 68x43cm)

Easidri is a PVA open cell soft structure with a tough outer surface which combines amazing absorbency with hardwearing durability

Due to the super absorbency of **Easidri**, it will lift dirt, water marks and soak up excess moisture from Paintwork, leaving a streak-free dry finish for wax or polish

Easidri is the perfect, soft finishing cloth for your car, motorhome or caravan

Easidri is simple to keep clean, just rinse, wring out and store damp in the original container

- The handy plastic case keeps **Easidri** in perfect condition, ready for use
- Holds up to 50% more water than a normal chamois
- Resistant to most chemicals
- Machine washable
- Can be disinfected
- Tough and durable
- Handy plastic storage case
- Hundreds of household uses

Used damp, **Easidri** is ideal for cleaning those difficult places like front grills and alloy wheels

A further use for **Easidri** is as a screen or window cloth, as it is so soft and absorbent it leaves a perfect clean screen - try it with a splash of screen cleaner - fantastic!

Easidri is a perfect Christmas gift for all boat users

Easidri is probably the best drying tool you'll ever find

Easidri is available in most good auto accessory stores or is available now online at : - www.easidri.com

RRP Small 43x32cm - **£ 8.95 inc Vat**
Large 68x43cm - **£ 11.95 inc Vat**

Easidri is recommended by car valeting professionals including the team at Supagard - Glamour Shield Ltd
